

Our Vision for English

At St. Paul and St Timothy's Infant School, we aim to deliver a high quality English curriculum that we believe will give our children the best possible opportunities to become confident and successful readers, writers and communicators.

Our vision is for all children to achieve their personal best in all aspects of English.

We want our children to have a deep understanding of how our language works, enabling them to make choices and have greater control over their futures.

Our children are given daily opportunities to explore and develop their writing skills through a range of rich, engaging and creative activities.

As we live in an environment where written text is all around us, the development of children's reading skills is very important to us.

Overall, we want to inspire our children to enjoy English and have an innate desire to read for pleasure and to develop a lifelong love of books.

We aim to equip our children with the English skills they need to help them to be successful throughout their school career and into their lives beyond school.
